#### Description:

'King of a Sovereign Nation', a powerful and timeless masterpiece by philosophy writer Justin Rhodes, examines a rational approach to achieving the lifestyle where the individual and his wishes are the number one priority.

Justin Rhodes is joined by international rock star Dick Wagner, famous for his songwriting and guitar work with Alice Cooper, Lou Reed, Tina Turner and many others.

Rhodes takes a no-nonsense approach to rational living. He clearly works out what incentivizes people and takes a refreshingly new approach to looking at the limited lifetime we have available. The perspective in 'King of a Sovereign Nation' is completely based on individualism.

#### Advance Praise for 'King':

"A sophisticated view of selfishness that demands full responsibility taking....I see this as a life guide for fans of Ayn Rand."  
Dr. Keith Campbell, author of "The Narcissism Epidemic"

#### Latest Reviews:

"An intellectually satisfying treatise on the role of selfishness in the well examined life."

"...original and provocative..."

"This book unlocks the secrets to sustainable selfishness."

#### King of a Sovereign Nation:

##### Foreword

Dick Wagner, American Rock Legend

This is the book I wish had been available to me in my young adulthood. It would have opened my eyes to a few of life's lessons, and perhaps saved me the pain and doubt that permeated my thinking while learning how to function as a man. An invaluable guide to successfully negotiating the landscape of young manhood, this book teaches a new way of considering selfishness and happiness as mutually dependent goals. By stripping selfishness of its negative connotations and re-introducing it as the essential tool in achieving happiness, the author takes us on a journey of enlightened cynicism spoken in a voice wet with humor and wisdom...

King of a Sovereign Nation opens the pathway to a more fulfilled and soulful life. Follow its precepts and be rewarded in your day-to-day struggles, while achieving goals that had been wrapped in fear and self-doubt. Read on and smile...
