Fireside Book # 2205

Driven to prove he's a winner, Phil Tag achieves financial, professional and personal success that most men would envy. Not satisfied, he embarks on a mission to settle a grudge with an old adversary. With millions of dollars hanging in the balance, past dirty tricks pale next to present treachery.

Meanwhile, Phil's nineteen-year-old adopted son, with the aid of a memorably offbeat social worker, successfully locates his birth mother, a beautiful woman who becomes immersed in the emotional rip tides that carry the Tag family into uncharted waters.

As Ellen Tag watches her family disintegrate, she buries herself in church volunteer work—work that her all-too-handsome pastor appreciates far more than he should. Feeling neglected at home, Ellen finds herself drawn to the priest who helped her son battle alcohol and drugs.

A drama of pride, betrayal and infidelity, *Love Tag* ultimately celebrates courage, love and hope.
